BURROWS' BOY SCOUT DRINKING FOUNTAIN ON THE PLYMOUTH COMMON

The history of the Plymouth, N. H., Common is unique. When the township started, the present Common was a chirruping frogpond. The town fathers had to lay a corduroy road to obtain what is now Main Street. Later the frog pond was filled in to become the present Common. Trees were planted around the rim and a pump was put midway beside the crosswalk where the thirsty were refreshed.

Later when the Langdon family built a reservoir upon the then "College Road," the pump changed to a faucet. But even such, as everything, has its length of life, and it so happened that Daniel Webster Burrows of Chicago, son of Joseph Burrows, Esq., of Plymouth, at the suggestion of his boyhood chum, Rodney Edson Smythe, put into his Will a fund for a new water service for the Plymouth youngsters and elders to take the place of the aging town faucet, still on the Common. An investigation of the usage of the then town faucet showed that it was mostly used by the boys and their dogs. Such led to the introduction of a modern type of drinking spout for the boys, their sisters, and their elders; also, the introduction of a bowl of continuous fresh water for the village birds and dogs. In accord with the Boy Scout Rule of doing a good deed daily, such explains the water dripping continuously from the Boy Scout's hand into the granite pothole which, after much hunting, was found loose on a sandy bit of the Baker River in Wentworth, waiting to help do a "Boy Scout's Good Deed."

The Statue is not just a boy in Boy Scout clothes, but the live Boy Scout doing his required daily good deed. Such is the motive which George Borst of Wayne, Pennsylvania, and a summer resident of Hebron, New Hampshire, the sculptor, has put into the character of the "Boy Scout" on the rock, dripping fresh water all the time from his hand—into the aged granite pothole, beneath him for the dogs and birds.

So far as we know there are only two Boy Scout statues in the United States; the Plymouth one by Mr. Borst is the only one wherein the "Boy Scout" is doing his daily good deed of Scouthood.

The boulder on which the Boy Scout kneels was found accidentally, after many hunts about New Hampshire, by the late Mr. Moses A. Batchelder of Plymouth, as he approached the Flume Station one morning.

The boulder was tested by a photograph of Harold A. Webster, Jr., posed as Mr. Borst desired in Boy Scout uniform, and later a cast of the top of the boulder was sent to Mr. Borst's studio in Wayne, Pennsylvania. During the abnormally cold winter following, a Wayne boy posed in the nude on the cast of the top of the boulder sent, not only aiding the sculptor, but also supporting his parents, through the dreadful economic crash of that winter of 1933.

Such is the history of the Plymouth "Boy Scout" Fountain.

We are indebted to Mr. George G. Clark, executor of the Estate of Daniel Webster Burrows for the above information and "Boy Scout" picture.

Health Officer—Felix McCarthy

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Plymouth in the County of Grafton in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Grade School Auditorium in said Plymouth on Tuesday, the eleventh day of March, next, at ten o'clock in the forenoon, at which time the Polls shall be opened and shall close not earlier than six o'clock in the afternoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. Shall the provisions of Chapter 171-A of the Revised Laws relative to playing games of beano be adopted in this city or town?

3. To see if the Town will vote to adopt the Town Manager Plan as provided by Chapter 55 of the Revised Laws of New Hampshire as amended.

4. To see if the Town will vote to create a Citizens Committee, consisting of five, which should, with the Board of Selectmen, assist in obtaining applications for the position of Town Manager, determine his compensation, and which shall act in an advisory capacity only on this and all other matters to the Selectmen and Town Manager, meeting with them at least once each month.

5. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

6. To see what sum of money the Town will vote to raise and appropriate or the support of the Free Public Library.

7. To see what sum of money the Town will vote to raise for the maintenance and construction of highways.

8. To see what sum of money the Town will vote to raise for the oiling of streets.

9. To see what sum of money the Town will vote to raise for town maintenance in cooperation with the State.

10. To see what sum of money the Town will vote to raise for Memorial Day.

11. To see what sum of money the Town will vote to raise for cemeteries.

12. To see if the Town will vote to raise and appropriate the sum of $330.00 which is 1/100 of 1% of the assessed valuation of the Town, to the Lakes Region Association for the purpose of publicizing and promoting the natural advantages and resources of the Town, in cooperation with other Towns in the Lakes Region.

13. To see what sum of money the Town will vote to raise for the Sceva Speare Memorial Hospital of Plymouth, New Hampshire.

14. To see what sum of money the Town will vote to raise for Band Concerts during the summer of 1952 by the Plymouth Community Band.

15. To see what sum of money the Town will vote to raise for the care of the Plymouth Common.

16. To see what sum of money the Town will vote to raise and appropriate and/or borrow to construct a storm sewer and connecting catch basins, of adequate size on Cummings Street such to run from the junction of said street with Avery Street thence easterly on Cummings Street to a point on Cummings Street where it may be directed toward Highland Street either over or under private or public lands.

17. To see if the Town will vote to raise and appropriate the sum of six hundred dollars ($600.00) to provide quarters for a Plymouth Unit of the New Hampshire National Guard.

18. To see what sum of money the Town will vote to raise and appropriate to the Plymouth Youth Coun-

cil to establish, equip and maintain suitable places for public playgrounds including coasting and skating.

19. To choose a Library Trustee for a term of three years.

20. To choose a Trustee of Trust Funds for a term of three years.

21. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

22. To see if the Town will vote to raise at least One hundred fifty dollars ($150.00) for the spraying of shade trees in the Town.

23. To see if the Town will vote to establish a planning board of seven members, with duties as set forth in sections 3 to 15 inclusive, of Chapter 53, Revised Laws of New Hampshire 1942, to make a study of the Town's development and report to town meeting appropriate recommendations for the promotion and maintenance of the Town's best development, the board members to consist of one Selectman and six other citizens appointed by the Selectmen, as provided in said Chapter 53 of the Revised Laws.

24. To see what action the Town will take in regard to having published in the Town Report the name, description, valuation and amount of tax covering real and personal property, and appropriate or raise the necessary money for same.

25. To see if the Town will authorize the Selectmen to purchase needed highway equipment and raise money for the same.

26. To see what sum of money the Town will vote to raise and appropriate and/or borrow for the re-surfacing of Main Street and Highland Street in cooperation with the State.

27. To see what action the Town will take in regard to the laying of a water main along Route No. 3A from the C. B. Titus dwelling to a point near the Hatch Dairy and the Oceanside Machine Shop and appropriate

money for the same, under terms and conditions approved by the New Hampshire Public Utilities Commission.

28. To transact any other business that may legally come before this meeting.

Given under our hands and seals this 23rd day of February in the year of our Lord one thousand nine hundred and fifty-two.

Number of magazines loaned	1,713
Number of volumes of children's books loaned	6,442
Total circulation for year	19,552
New borrowers added	288
Number of volumes rebound	55

AUDITORS' REPORT

Plymouth, N. H.,

February 7, 1952

We have examined, as prescribed by law, the books and records maintained by the Selectmen, Town Treasurer, Town Clerk, Tax Collector, Overseer of the Poor, Trustees of Trust Funds, Treasurer of the Library Trustees and Justice of the Municipal Court.

We have verified cash balances and reconciled bank statements for all officials having town business bank accounts. The individual expenditures were verified by comparison of authorizations with issued checks.

We have examined the securities of the Trustees and have found such funds to be invested in U. S. Government Bonds or deposited in the Plymouth Guaranty Savings Bank.

We have examined the surety bonds of the Town Treasurer, Tax Collector, Town Clerk, Treasurer of the Trustees of Trust Funds, and Road Agent.

We burned one $600.00 Town of Plymouth Bridge Bond No. 18 and 3 interest coupons totalling $36.00.

ROLAND G. MOSES,

LEON M. HUNTRESS,

Auditors

REPORT OF PUBLIC HEALTH NURSE

The following is a report of the activities carried on in your town by the State Department of Health for the year 1951. (Bureau Public Health Nursing.)

A Child Health Conference, followed by two immunization clinics was held at the Grange Hall on the following dates: April 5, May 4, June 1st.

On April 5th 26 children were given complete physical examinations by Dr. Archibald and Dr. McIver.

The total number of children attending the three clinics was 151, Infants 20, preschool 77, school age 54.

Total immunizations completed, 121.

Triple Toxoid (Diphtheria, Tetanus, Whooping Cough)	69
Double Toxoid (Diphtheria, Tetanus)	9
Smallpox Vaccinations	43

The nurse was assisted at these clinics by the Durand Haley Unit, American Legion Auxiliary, School Nurse, and local physicians.

I wish to extend sincere thanks to all who assisted in any way to help make the clinic a success, and especial thanks to the Plymouth Grange for the use of their hall.

Home visits were also made to mothers, babies and handicapped children.

Sincerely,

LOIS W. BARTON, R.N.,

Staff Nurse

Bureau Public Health Nursing

N. H. Department of Health

Only YOU can PREVENT Forest Fires

New Hampshire faces a real forest fire problem and challenge! To meet it successfully, New Hampshire and your community needs YOUR thoughtful and co-operative effort.

Continuously heavy lumbering operations following the hurricane has produced more than 4 billion board feet of lumber. This lumber helped win World War II, meet post war needs and now the current requirements for the Korean military action. But it has added nearly 900,000 acres of slash to our already sizeable slash problem.

When YOU fail to use needed precautions while burning in or near woodlands—

When YOU fail to secure the required permit from your local forest fire warden before burning—

When YOU are careless in smoking near woodlands—

When YOU throw lighted cigars, cigarettes and matches from vehicles moving along the highway—

YOU are violating fundamental common sense and may easily contribute to a substantial and costly fire. Such conflagrations are possible because of the hundreds of thousands of slash acres throughout the state!

REMEMBER—the fire YOU prevent might be one which could conceivably burn YOUR property and harm YOUR community!

Only YOU and YOU and YOU can prevent forest fires! Will YOU help?

Births Registered in the Town of Plymouth, N. H., for the Year Ending December 31, 1951

Date of Birth 1951	Name of Child (If any)	Sex, Cond: Male, Female	Liv or S'brn	No. of Child	Color	Name of Father	Maiden Name of Mother	Color of Parents	Residence of Parents	Occupatnon of Father	Birthplace of Father	Birthplace of Mother

STATE OF NEW HAMPSHIRE

WARRANT

To the Inhabitants of Plymouth Village Fire District qualified to vote in District Affairs:

You are hereby notified to meet at the Guy E. Speare Auditorium on Thursday the thirteenth day of March next at 7:30 o'clock in the afternoon to act on the following subjects:

1. To choose a Moderator for the ensuing year.

2. To choose a Clerk for the ensuing year.

3. To choose a Treasurer for the ensuing year.

4. To choose three Fire Commissioners for the ensuing year.

5. To choose one Water Commissioner for the ensuing three years.

6. To choose Auditors for the ensuing year.

7. To see what sum of money the District will vote to raise for fire apparatus, supplies, care of fire alarm system, pay of firemen and other necessary expenses of said District for the ensuing year.

8. To see what sum of money the District will vote to raise for fire protection, for the ensuing year.

9. To see if the District will vote to extend the present water and sewer line on Randolph Street from Merrill Street to the land of Lee S. Buckland and raise and appropriate money for the same, and to see what action the District will take with regard to any unexpended money raised under article 9 of 1951.

10. To see what action the District will take in regard to laying a new sewer pipe on Cummings Street, replacing the present one, and raise and appropriate money for the same.

11. To see what sum of money the District will vote for sewer purposes.

12. To see what action the District will take regarding the salaries of the District Officers.

13. To see if the District will vote to adopt the Town Manager Plan as provided by Chapter 55 of the Revised Laws of New Hampshire, as amended, which provides for the appointment of the town manager as manager of the District.

14. To see what action the District will take in regard to extending the water pipe from Clifford Titus', on Highland Street, west to the Oceanside Machine Shop, and raise and appropriate money for the same.

15. To see if the District will vote to authorize its Commissioners to borrow such sums of money as may be necessary to pay debts of the District and to give notes therefor, countersigned by the District Treasurer.

16. To transact any other business that may legally come before the said meeting.

Given under our hands at said Plymouth this twenty-seventh day of February, 1952.

RALPH W. CASS,
ARMSTRONG B. HARVEY,
JOHN GADD,
Commissioners of Plymouth
Village Fire District

A true copy—Attest:

RALPH W. CASS,
ARMSTRONG B. HARVEY,

AUDITORS' REPORT

In auditing the cash books of the Treasurer of the Plymouth Fire District and Plymouth Village Water and Sewer Departments, we have found the entries therein to be correctly cast and well vouched.

We have prepared reports and summaries which represent the scope of the financial transactions in these departments.

We have examined the surety bond of the Treasurer.

ROLAND G. MOSES,

LEON M. HUNTRESS,

February 1, 1951 Auditors

WATER DEPARTMENT

Rebuilding the Water System

The engineering firm of Whitman & Howard of Boston, Mass., was engaged to make the necessary surveys, lay out and supervision of the entire project.

Bonds in the amount of $300,000. which was voted were sold to W. E. Hutton & Co., and Harriman, Ripley & Co., of Boston, Mass., at $100.3993 at 2% interest, which means that we received a premium of $1,197.90, said bonds are dated April 1, 1951 to run for a period of 21 years.

Had we carried the Bonds over a period of 30 years as originally planned the total interest charge would be between $35,000 and $50,000 in excess of interest for 21 years.

Upon receipt of the money for the bonds we found that we would have a substantial sum which we would not need for some time, so we purchased $150,000. worth of 91 day U. S. Government bonds for which we received net interest in the amount of $563.75.

As the year closes the rebuilding of the water system is well on its way to completion. It was necessary to stop laying of the water pipes due to weather conditions.

The new gravel packed well has been completed and the two pumping stations have been built, also a three hundred thousand gallon cement storage tank is completed. There has been approximately four and a half miles of pipe installed and seventeen new hydrants, of which twelve are replacements and five new locations.

We have purchased the entire intervale from Maurice A. and Zelma B. Carpenter at the rear of the United Shank and Findings location, which contains some fifty or sixty acres and where the well is located. The purchase of this property was made to protect the water supply. It was also necessary to purchase from

John Fletcher a small parcel of land of some three or four acres which adjoins our present holdings on Reservoir Road in order that the storage tank might be located at a higher level than the reservoirs. This tank will serve those located west of Russell Street and Highland Avenue, increasing the pressure very materially and providing excellent fire protection.

The pumping station located at the well we expect will be put in operation in the near future. The pumping station located at the reservoir and the storage tank will not be put in operation until spring.

On January 1, 1952 we had cash on hand in the amount of $67,625.20 in this account.

There is approximately $16,500. withheld on completed work and about $31,000. on contracts not yet completed leaving about $20,000 surplus. To complete this project there is yet to be laid about three thousand feet of pipe and several other minor operations all of which we believe can be done within the above mentioned amount.

A complete report will be made in the 1952 District report.

RALPH CASS,

ARMSTRONG HARVEY,

JOHN GADD,

Commissioners

SEWER DEPARTMENT

At the annual District meeting held March 15, 1951, under Article 10: To see if the District will vote to extend the sewer from Fred Rowe's corner at the junction of the Fairgrounds Road and Route 3 to the Campton Town line.

It was voted that the Moderator appoint a committee of five to determine the cost of the project and to report at an adjourned meeting to be held August 2nd, 1951. The committee appointed was as follows: Andrew Brands, Chairman, Elmer Huckins, Lester Sargent, Paul Studley and Richard L. Thompson.

On August 2, 1951, at the adjourned meeting it was voted to construct the said sewer and to authorize the Commissioners to issue bonds or long term notes to the amount of $40,000.00.

The engineering firm of Whitman & Howard of Boston, Mass., was engaged to make surveys and to supervise the construction of said sewer.

Bids were advertised and were opened on October 19, 1951. Only two bids were received. DiMinico & Pallotta, Inc., of Malden, Mass., was the low bidder, at an estimated cost of $47,957.50, was awarded the contract. It being apparent that the project could not be completed within the $40,000. voted, a petition signed by ten legal voters was presented to the Commissioners asking for a special meeting of the District. At the special meeting held December 21, 1951 it was voted to raise and appropriate a sum of $10,000. to complete the sewer project.

On October 21, 1951, work was begun, was progressing satisfactorily at the end of the year and the Commissioners expect it to be completed during January of 1952. Road repairs and cleaning up work will be done in the spring. The Commissioners expect all this to be done within the amount appropriated.

A full report will be given to the District in the annual report for the year ending 1952.

Cummings Street Sewer

During the summer several tests were made and due to the fact that there is so much surface water it is impossible to take care of the sewage until the surface water is taken care of, which is a problem for the town. This sewer should be taken care of during the summer of 1952.

STATE OF NEW HAMPSHIRE

Grafton, ss.

To the Inhabitants of the School District in the Town of Plymouth qualified to vote in district affairs:

You are hereby notified to meet at the Guy E. Speare Auditorium in said district on the sixth day of March, 1952, at eight o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the ensuing year.

2. To choose a Clerk for the ensuing year.

3. To choose a Treasurer for the fiscal year beginning July 1, 1952.

4. To choose a Member of the School Board for the ensuing three years.

5. To determine and appoint the salaries of the District Officers, and fix the compensation of any other officers or agents of the District.

6. To hear the reports of Agents, Auditors, Committees, or Officers, heretofore chosen, and pass any vote relative thereto.

7. To choose Agents, Auditors, and Committees, in relation to any subject embraced in this Warrant.

8. To see if the District will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the District, as determined by the School Board in its annual report.

9. To see what amount of money the District will vote and appropriate for the purpose of re-surfacing and/or landscaping school playgrounds.

10. To see what amount of money the District will vote and appropriate for the purpose of re-modeling the heating system in the Guy E. Speare School and Auditorium.

11. To see what amount of money the District will vote and appropriate for the purpose of re-modeling or replacing the heating system in the Plymouth High School.

12. To see if the District will vote to authorze the School Board to borrow money to pay the debts of the District and give therefor notes of the District countersigned by the District Treasurer.

13. To conduct any other business that may legally come before this meeting.

ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS—PLYMOUTH

To The Plymouth School Board:

My ninth annual report as your superintendent of schools is now submitted for your information and that of citizens of Plymouth. The report presents a discussion of the major problems before the school district, and such statistical data as may be useful to the people of this town.

From June 18 through July 6, 1951, a Resource Use Workshop was conducted for teachers in Plymouth High School. The workshop was made possible by a financial grant from the Conservation Foundation in New York, and cooperation given us by the State Board of Education, State Fish and Game Department, Planning and Development Commission, Plymouth Teachers College, and Columbia University. It was an experience both unique and extremely valuable for our teachers and, as far as we are able to learn, one that has not been duplicated anywhere else in the country.

As a result of workshop planning, Plymouth High School is attempting a pilot program in Resource Use Education. This does not mean that any new courses have been added to our high school program. Instruction given to pupils is correlated with, and made a part of work offered within our regular framework of instruction. This information is here submitted even though it is anticipated that the report of the high school principal will give details that have been here omitted.

The use of school buildings by the community is always commendable, provided such use is consistent with proper care and maintenance of the building. In our enthusiasm to extend privileges to various groups, we must not lose sight of the fact that the major purpose of such buildings is schools. It seems to me that

we ought to review carefully the use made of facilities in the Plymouth Memorial School and establish regulations that must be strictly observed.

A heating engineer made an inspection of the heating plants in both the high school and the Guy E. Speare school, and recommended that automatic heat be installed to replace the hand-firing method now in use. While it will be impossible to change over the heating plants in both buildings, it does seem wise to convert one of them to either an oil burner or anthracite stoker equipment. The engineer estimates an annual saving in fuel costs that should liquidate any investment we make in five years or less. In either school, automatic firing would release considerable janitor time that could be used to advantage.

One change recommended by the engineer in the Speare school should be acted upon by the district before another heating season begins. Ever since the building was constructed, we have been forcing dollars up the chimney that could be saved by putting a direct steam line to the auditorium, and making it separate from the line that heats the rest of the building. With the present single steam line, it is necessary to heat the entire building every time the auditorium is heated. There can be no question about the soundness of the recommendation that we end excessive and needless fuel consumption.

It is my recommendation that the 1952-53 budget make provision for recognition for professional improvement work done by teachers, in addition to an annual service increase. Plymouth High School has an excellent group of teachers whose services should be retained for the benefit of our children. If these services are to be retained, the contracts we offer must compare favorably with those offered elsewhere in the state. Plymouth has made generous provision for our teachers in the past, but we must continue the upward trend if we are successfully to compete with other schools. The findings of a salary survey completed in December by the New Hampshire Teachers Association may be of interest to all of our citizens. The average salary of men teachers in the high schools of New

Hampshire is $3391.65. The average for women teachers is $3092.11. If one is inclined to be complacent because our salaries are at or near the average, he should remember this interesting thing about an average—there are always as many above the average as there are below it. Being at the average does not necessarily justify a sense of complete security.

Conferences with parents are always welcomed. Whenever there is a question about school policy, or a parent wishes to get specific information, it is recommended that contact be made with the teacher or with the school administrator. The schools are your schools. They are operated only because of your children. Parents and teachers alike have the responsibility of making the schools as effective and valuable as possible to the children who attend them. We shall all gain by working together to achieve that purpose.

My conclusion is an expression of appreciation for the loyal and efficient work of our teachers, the splendid cooperation extended at all times by the Plymouth School Board, and the friendly spirit of parents and school patrons.

Respectfully submitted,

ARTHUR S. ROLLINS.

PRINCIPAL'S ANNUAL REPORT

To the Superintendent of Schools:

I herewith submit my annual report as principal of the Plymouth High School.

The faculty is striving to provide the opportunity for each individual to grow to his fullest as an individual and as a member of society. Our program is continually being evaluated with the view to having our school fulfill its responsibility in the community.

A complete report of the curriculum of the school would take considerable space. This report is, therefore, not comprehensive but will indicate by representative information the progress of the school. Reports of progress made in previous reports will not be reported, however, we are continuing with these programs or revisions that made them more effective.

The faculty and pupils are proud that our school was selected by the Conservation Foundation of New York to act as a pilot school in the field of conservation and resource use. The three-week work shop for the complete faculty last June provided the opportunity to evaluate the program and methods we had been using, to become a more closely coordinated working unit, and to outline plans to incorporate materials emphasizing wise resource use as a part of the curriculum. The latter in such a manner that it strengthened our educational program by providing practical experiences that allowed the use of what was previously learned as theory. We believe that what a pupil learns is more meaningful, is more easily assimilated and also has a better chance of retention when the pupil has the opportunity of a concrete experience.

Some of the examples of learning experiences have been: the improvement of the school grounds by the biology class; taking the school census by the economics class; a study of the state prison and state hospital by the sociology class; a trip to the mill at

Livermore Falls by the freshman class to see at first hand the utilization of New Hampshire resources; a model U. N. General Assembly developed by the World Problems class and presented to the student body at an assembly; a panel discussion of the topic of Power and Flood Control at Livermore Falls arranged by the biology class and presented at an assembly; an interview of a congressman by a committee of pupils who reported to their class about the interview.

Topics that are being considered in various classes that have to do with community resources and wise resource use are: recreational facilities, job opportunities, better rural family living, business opportunities, land use trends, forest resources, power and flood control, water pollution, labor potential and water usage. These topics are being studied with the view to understanding how they affect the standard of living in the Baker and Pemigewasset river watersheds.

In addition to strengthening the learning process the three-week workshop helped each teacher learn what other members of the faculty are doing and when they are doing it. This enables better coordination and achievement of the purposes of the school.

The report of our work in resource use is planned to be utilized in aiding other schools to incorporate this material into their curriculum.

It might be of interest to the tax payer to know that the cost of this project in resource use curriculum study to the school district was limited to the use of the high school building for three weeks at the end of the school year.

Subject Changes

French III is offered this year in place of Spanish III as a greater number of pupils benefited by this change. World Geography replaced economic geography and commercial arithmetic, which were half-year subjects. A greater amount of arithmetic is being taught in the General Business course this year to compensate for dropping commercial arithmetic. In addition we are continuing to require a review arith-

metic course for seniors who indicate the need as a result of a test given at the end of the junior year.

Activity Program

Arts and Crafts have been substituted for auto mechanics because of inadequate facilities for auto mechanics. The new activity allows pupils to gain experience in a dozen fields such as camera study, home mechanics, wood carving, leather work, etc. It also allows opportunity for more pupils as the activity is suitable for both boys and girls.

Placement Bureau

We increased our efforts to be of service to our pupils in the matter of getting jobs. As a result, we materially increased both our summer and full-time placement and have hopes of a still further increase this year. As a part of our placement program we plan to conduct a followup study as to the success or lack of success of those we placed this past year.We hope that employers will notify us of their needs in order that we can be of service to them and to our pupils.

Guidance

More individual attention is being given in guidance. The testing program has been extended to serve both the freshmen and juniors. The junior test serves as a follow-up of the one given in the freshman year. Parents are being asked to participate in the pupil conferences to discuss test results, vocational choices and educational plans. It is hoped that more parents will take part in these conferences, so that the school and home can cooperate to the advantage of the pupil.

The complete faculty were at the school one evening last year between the hours of 7:00 p. m. and 10:00 p. m. for the purpose of being easily available to parents to discuss pupil progress. Only one parent came in. We are duplicating the opportunity for parent-teacher conferences this year with the hope that more parents will come. We need parents' help to help us give better service to our pupils. If parents cannot come to the school during the day, we will be glad to arrange evening appointments.

Faculty

All members of the faculty completed the thirty-hour advanced Red Cross course in first aid last May and in January we completed an additional course that qualifies us as instructors to teach first aid. Plans are being made to teach first aid courses to the pupils.

Regular faculty meetings are held twice a month. Planning for continued coordination of effort are regular topics at these meetings, in addition improvement of methods, techniques, and recent educational developments are considered.

Currently a committee is working on report card revision and there is a committee for each high school class that is working on test result interpretation and better knowledge of pupils to the end that we can better aid wise vocational choices, and school adjustment.

Indications are that high school enrollment will increase over the next four years. With minor changes we can continue our present program for increases up to 350. Beyond that point changes of a more drastic nature would be necessary or facilities will have to be increased.

I wish to express my appreciation to the School Board, Superintendent Rollins, Citizens, Teachers and pupils for their help and cooperation during the past year.

Respectfully submitted,

ELLIOTT W. KEACH,

Principal

PLYMOUTH ELEMENTARY SCHOOL REPORT

To the School Board, Superintendent of Schools, Parents and Citizens of Plymouth:

My annual report, as principal of the Elementary Schools of Plymouth, is herewith submitted to you.

Our school population has increased as you will see from the following table:

	January 1952	January 1951
Kindergarten	50	37
Grade 1	57	49
Grade 2	48	53
Grade 3	53	63
Grade 4	65	33
Grade 5	39	36
Grade 6	36	51
Grade 7	50	33
Grade 8	32	38
	430	393

Families, whose children have been in our school for many years, have left town either during the summer or since. Many new families have come in. Never in recent times has there been such a turnover.

It seems quite certain that within the next two or three years our school is going to become somewhat crowded for a period of time. It is hoped that the condition will not interfere too much with our efficiency nor continue for too long.

The teaching roster for this year has changed. Mrs. Rachel Wright, Mrs. Evelyn Uhlenburg and Mr. Douglas Bowles resigned. Miss Martha Rand and Mrs. Miriam Dunn have charge of our two fourth grades.

The teaching of the fundamentals accounts for much of our school time. While the methods are different from those used when we went to school, we feel they are much more effective.

Visits by citizens to our classrooms, open house held in the evening for parents and friends unable to come otherwise, and assembly programs of various kinds have helped to keep us in touch with one another.

The library is finished in the Guy E. Speare School, equipment has been added to the playgrounds and all has been repaired. We thank those who helped with advice, work, or by gifts.

The P. T. A. lunch committee is functioning as ably as ever.

The Rotary Club and the businessmen of the town again helped to give the children a Hallowe'en evening of innocent fun. It is appreciated by all.

The cooperation which has been consistently shown gives us the inspiration to work on for the betterment of the town's children.

The School Board, the Advisory Board, Mr. Rollins and many others have helped in every possible way. We thank them for their courtesy and assistance.

Respectfully submitted,

(Mrs.) STELLA H. DURKEE

REPORT OF SCHOOL NURSE

To The Plymouth School Board:

I herewith submit my report as school nurse for the school year 1950-1951. 680 were weighed, measured and inspected with symptoms of the following defects found:

Dental (serious)	125
Tonsils (enlarged or infected)	45
Vision (never having worn glasses)	43
Nutrition	15
Posture (serious)	5
Chest x-rays advised	3

These defects, corrected or improved, were reported:

Dental	402
Tonsil operations	30
Vision	41 new glasses 24 glasses changed

These cases of communicable diseases were reported:

Chicken Pox	14
Scarlet Fever	1
Measles	14
Mumps	121
Pediculosis	2
Skin	7

The fluorine clinic was very well attended. 243 children from the first six grades had four treatments each. Ideally, these applications should be repeated at three to four year intervals until the child is about thirteen years old.

Many cities and towns are introducing fluorine in the drinking water with evident success.

Forty school children attended the three Toxoid Clinics held under the auspices of the State Board of Health.

Eleven children had examinations and chest x-rays at the State Tuberculosis Clinics.

Four children had examinations and glasses by the Sight Conservation Department.

The Hot Lunch Program still seems indispensable and a great aid to the nutritional needs of many children.

The hearing tests given by the Group and Maico Audiometers showed 18 children who needed medical attention.

In September, 1951, 160 tuberculosis skin tests were given in High School with two reacting positively. These had examinations and chest x-rays. Then in November 212 had x-rays at the x-ray mobile unit held by the State Board of Health and sponsored by the Pemigewasset Woman's Club.

The various activities of the Health Program are continuing in 1952 and it is with pleasure that I express my appreciation to the School Board, Supt. Rollins, Teachers, Parents and Pupils for their interest and help.

Respectfully submitted,

ANNA M. LOVETT, R.N.

REPORT OF SCHOOL DISTRICT TREASURER

In Account With

PLYMOUTH TOWN SCHOOL DISTRICT

July 1, 1950 to June 30, 1951
